HMM

Human	The human touch
Made	The balance between artisan and industrial goods
Method	Methodical functions and aesthetics

HMM, stands for Human - Made - Method. Specializing in high quality and finely crafted coffee ware and office accessories, we care about how the subtlety connects objects with humans. We focus on polishing the details that make these utensils unique and human. With selected materials and skilled craftsmanship, our classic and timeless products are ready to embellish your daily life.

Collection

Classy Coffee Essentials for the everyday ritual, reimagined.

Clever Work Work is part of life, we deserve tools of stylish excellence.

Patio

Made with matte glazed Japanese ceramic. The truncated cone shape and ridges lead to a fast brew while keeping the water evenly distributed. Easy for pour over beginners.

Mugr

Mugr is where Earth meets Wood. The unique matte glazed Japanese ceramic lends a look and feel of cast iron while the wood forms the signature shape.

Scoop

Made of cast iron and walnut wood. Firmly, squarely scoop one Scoop or two, as to ceremoniously start the brew.

W Glass

Local craftsmen of Taiwan. Made by recycled glass. Twelve elegant angles. Utilize glass-dyeing technique. Easily stackable and environmental friendliness.

Woven Plate

Inspired by Taiwanese indigenous people's woven shell-flower baskets, Woven Plate transforms traditional ingredient baskets into modern dessert plates.

Mugr Cloud

Mugr Cloud is made with quality ceramics and light gray flowing glaze, which gives every single mug varied shades, injecting the Scandinavian leisure into life.

Latte Poster

The Latte poster features tools and utensils as protagonists, and reinterprets the brewing process of a cup of latte in a pictorial way.

Gaze

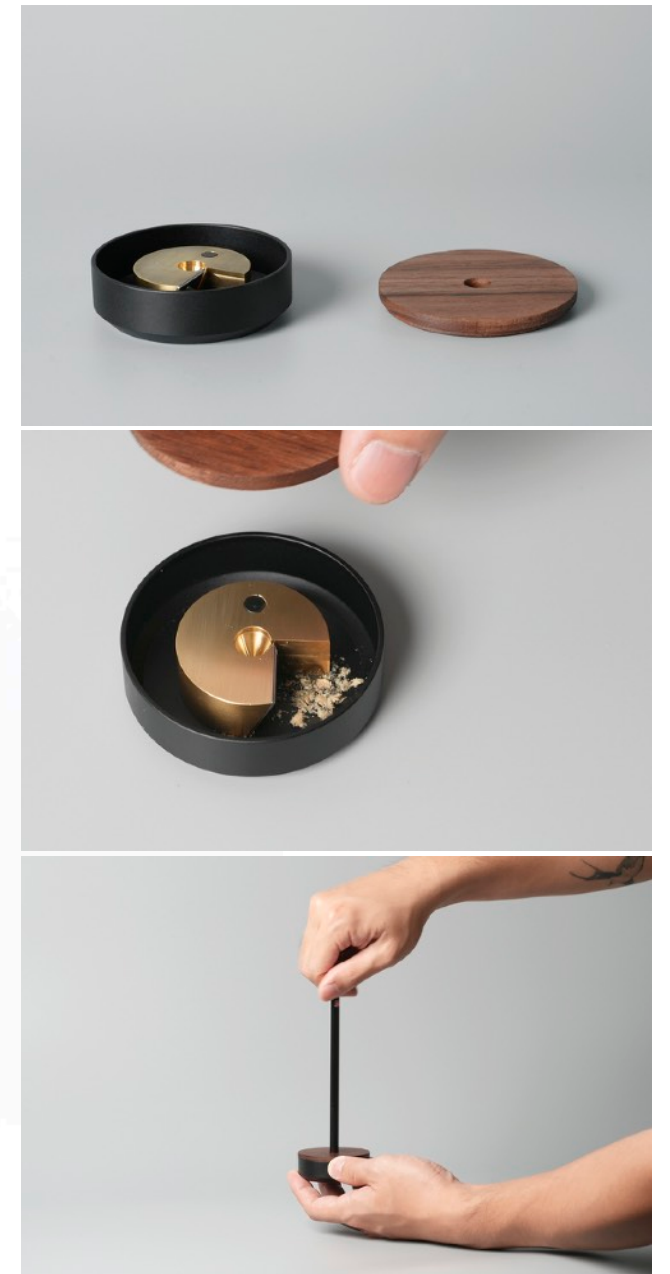

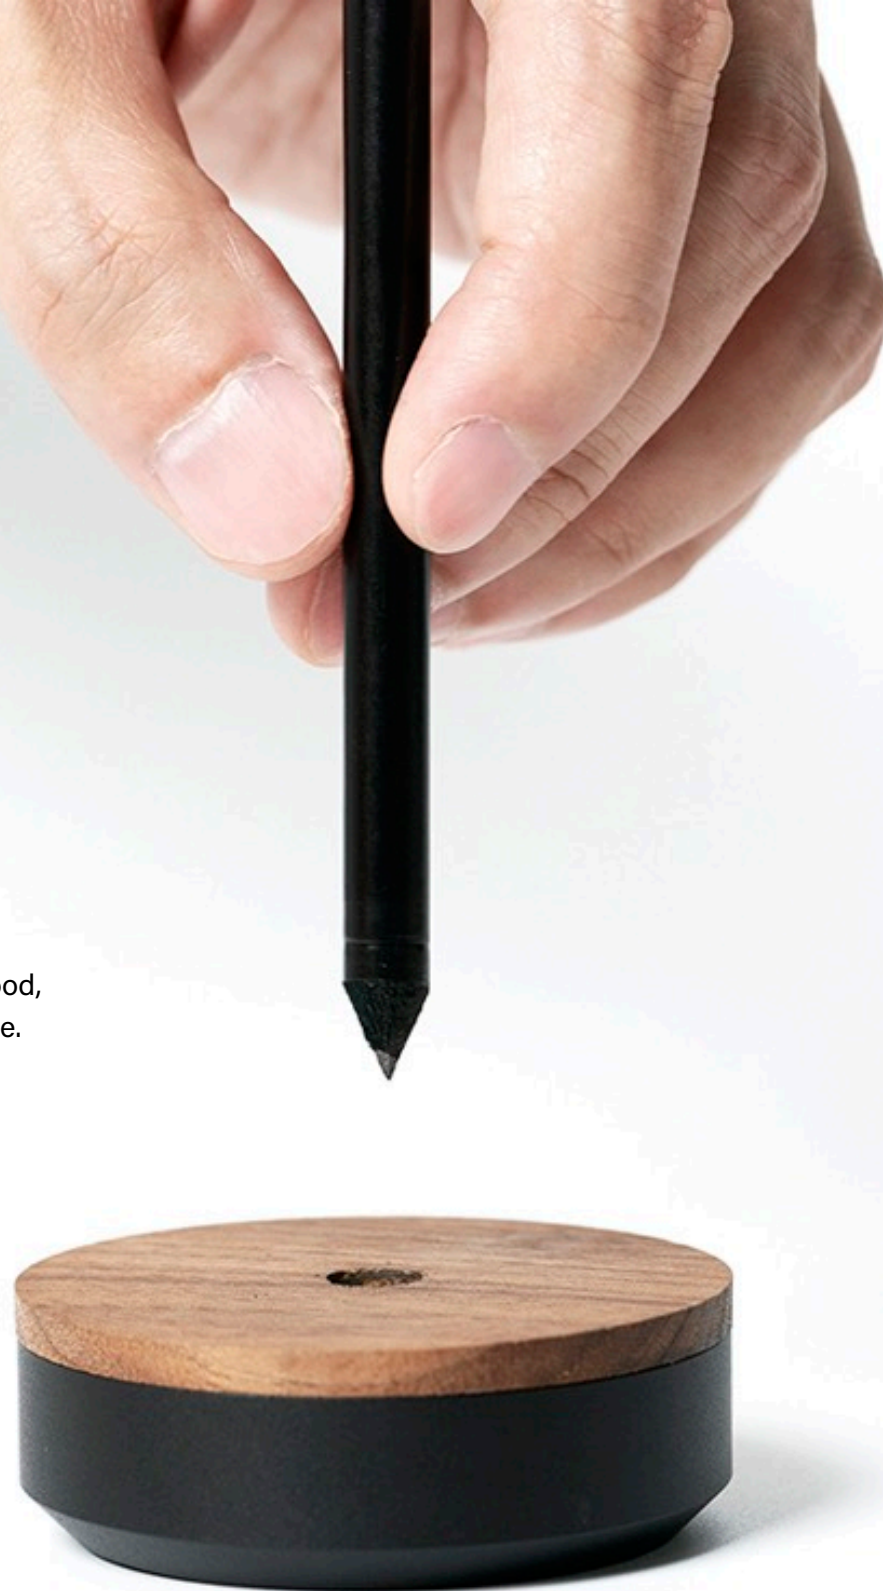

Functioning romantically, the double-wall glass Gaze affords such pleasant view while bringing out the flavor and cleanness of coffee with its precise conical helix design.

NEW

Pencil Sharpener

A stylish addition to your workspace that keeps your pencils sharp and organized. Crafted with a black finish and walnut wood, it optimizes pencil's angle to reduce waste.

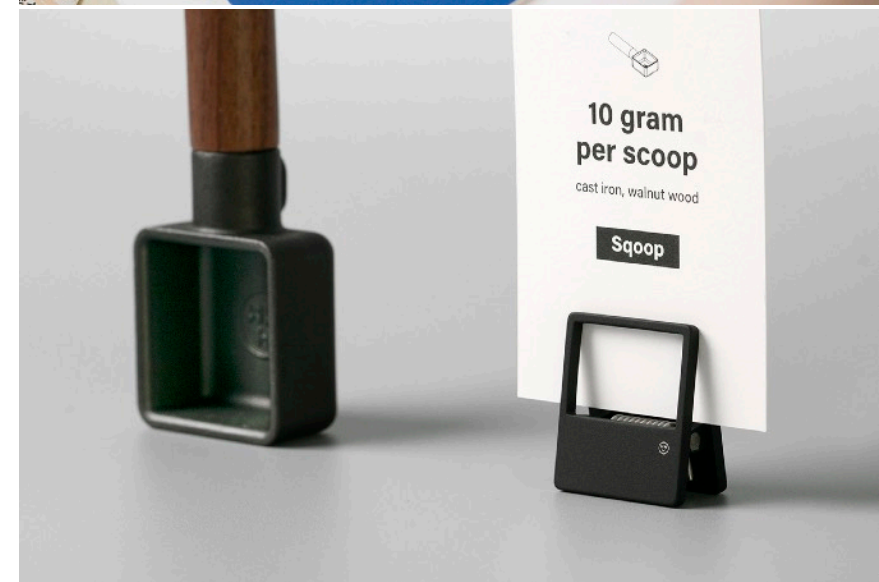

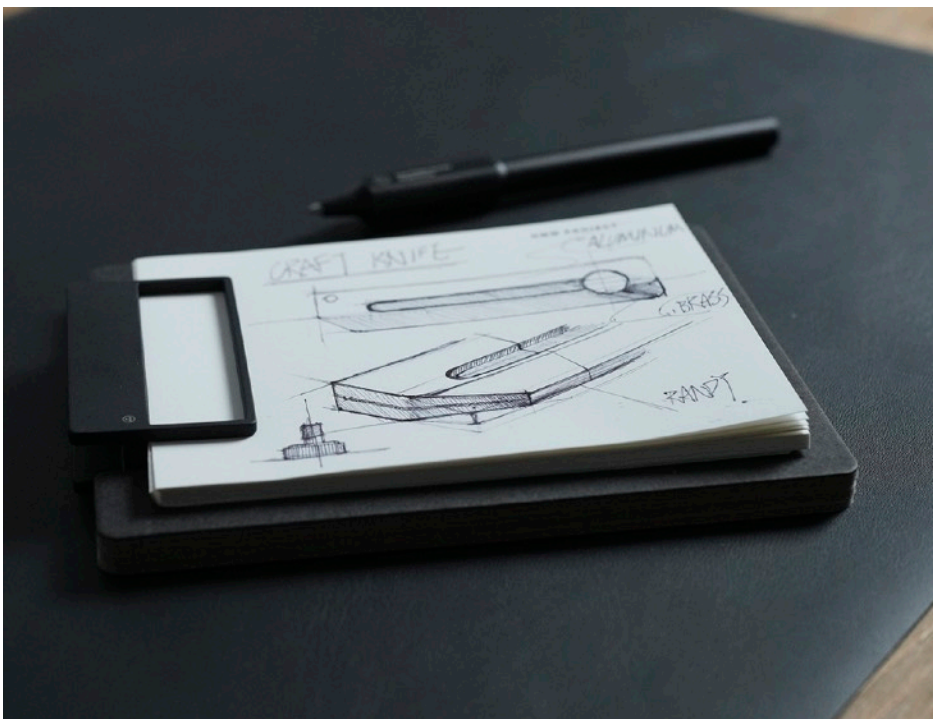

NEW

Clip

HMM Clip features its unique hollow design and strong spring for secure document clipping. Electroplating creates a matte black surface with the slim aluminum frame.

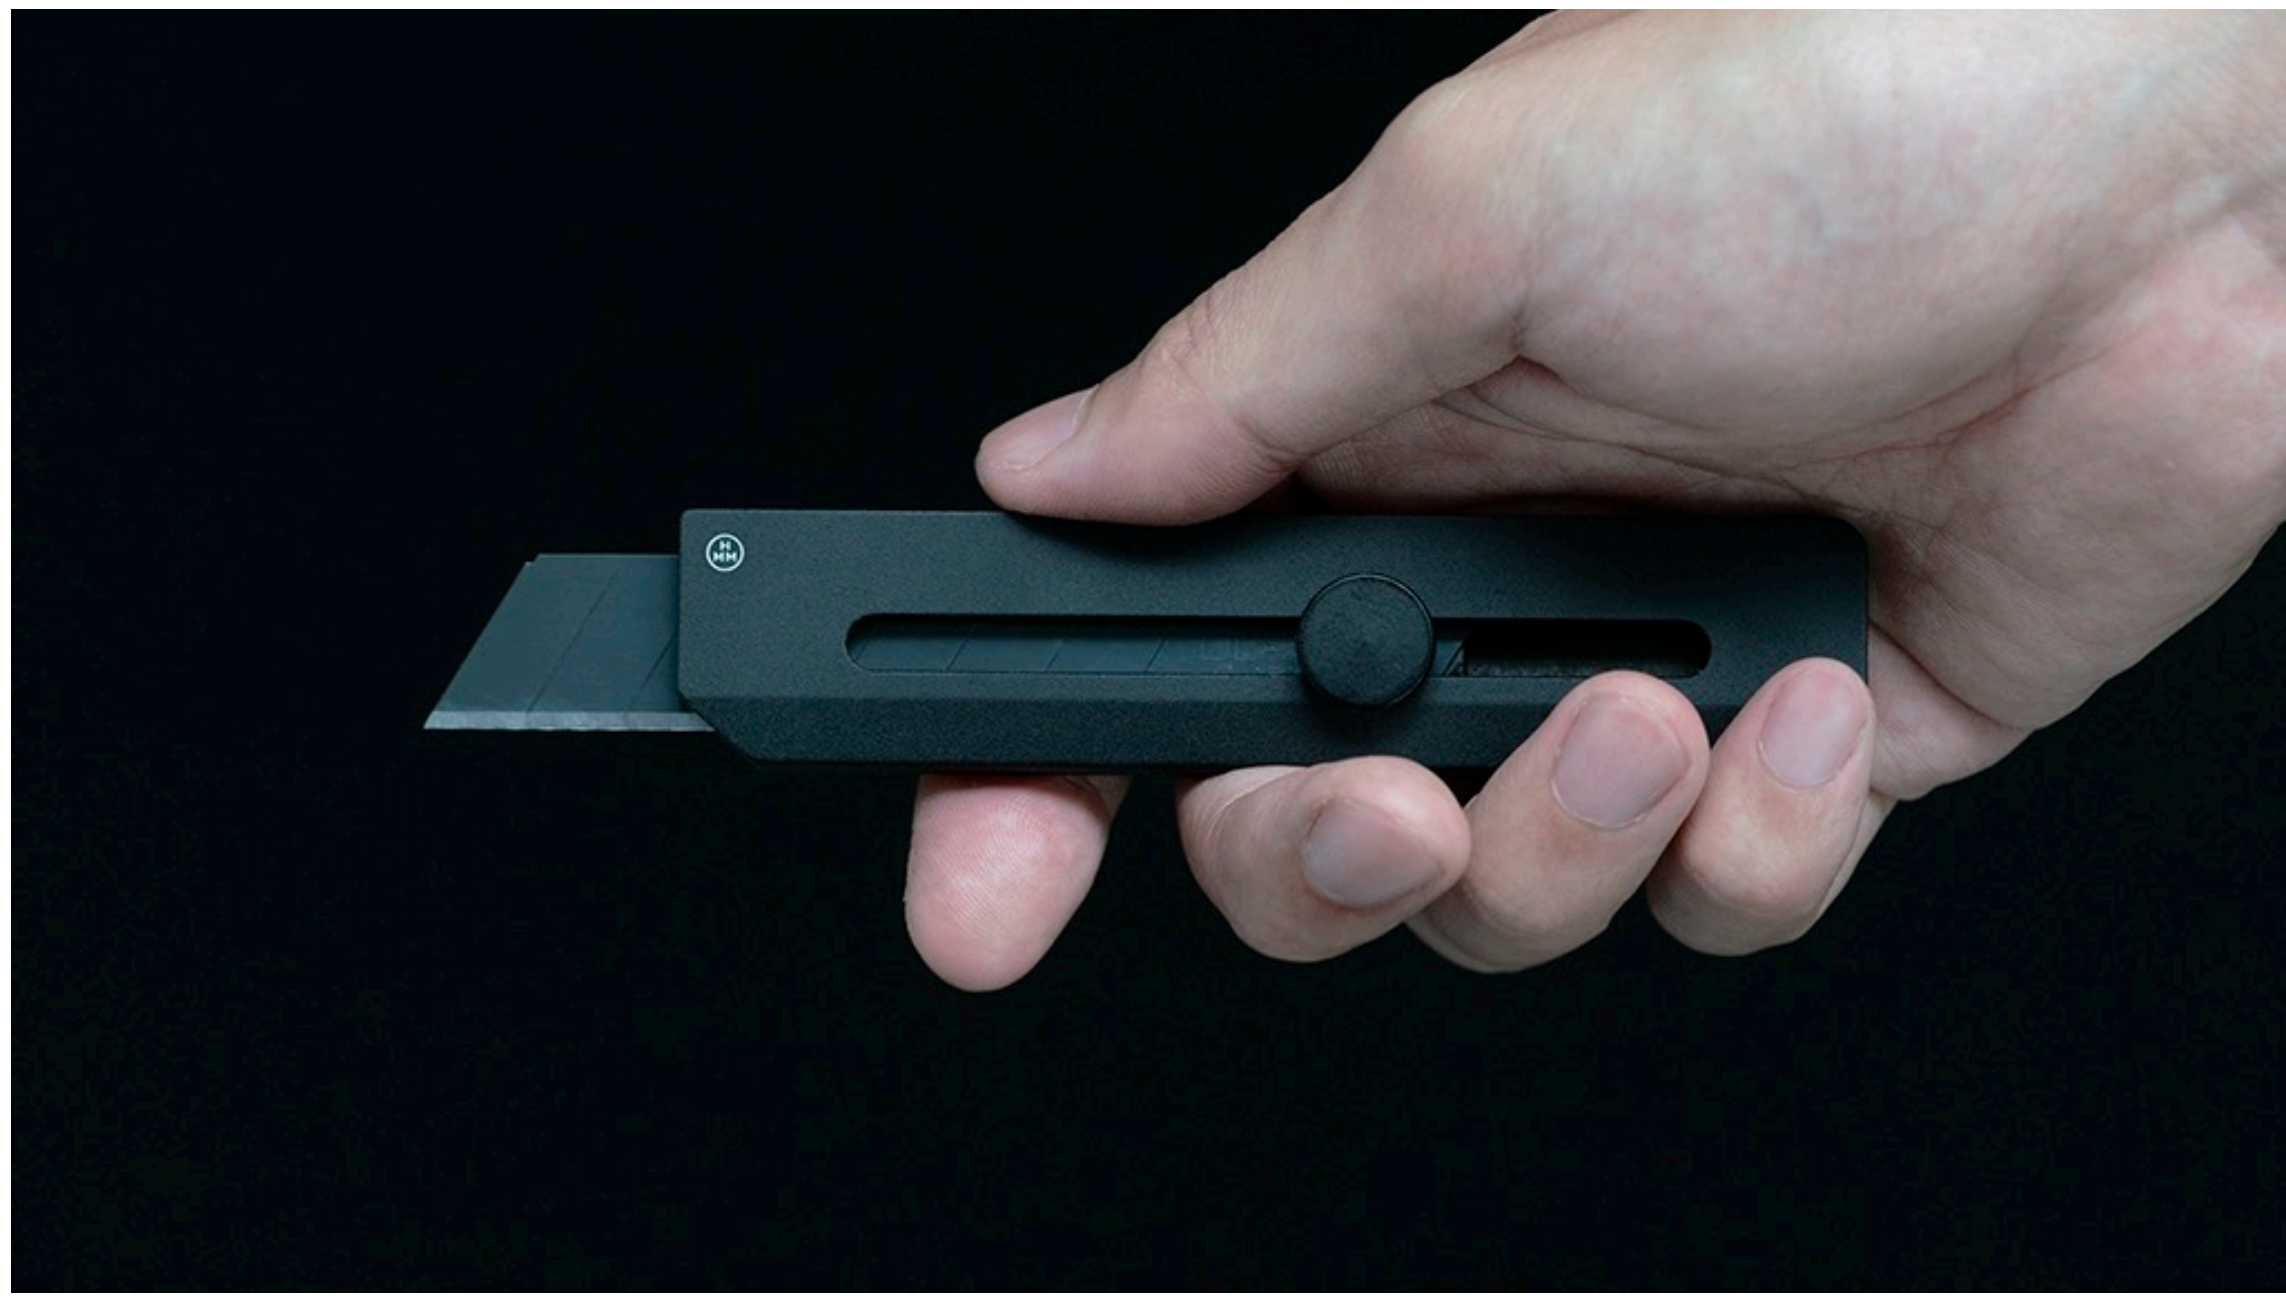

NEW

Memo Board (for Clip)

Designed with eco-friendly paper materials, creating a lightweight board with exclusive notepads. Placing the clip with the memo note allows it to transform into a pocket-sized clipboard, ideal for on-the-go writing.

Utility Knife

2-in-1 gadget that combines knife and ruler with built-in magnet. High stability, ultimate safety and supreme accuracy to help you navigate with confidence and ease.

Scissors

This is a 2-in-1 essential tool reimagined with style. The unique design allows one flip of the tool to turn the scissors into a boxcutter. The base is a minimalist home to the Scissors.

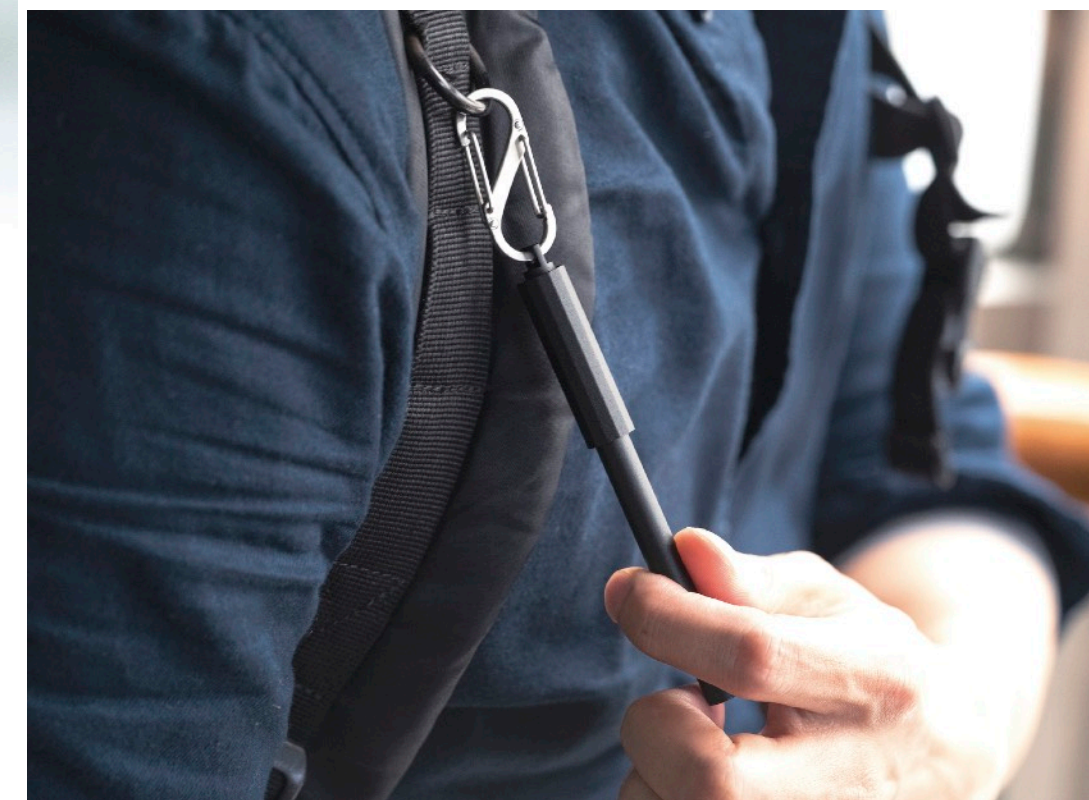

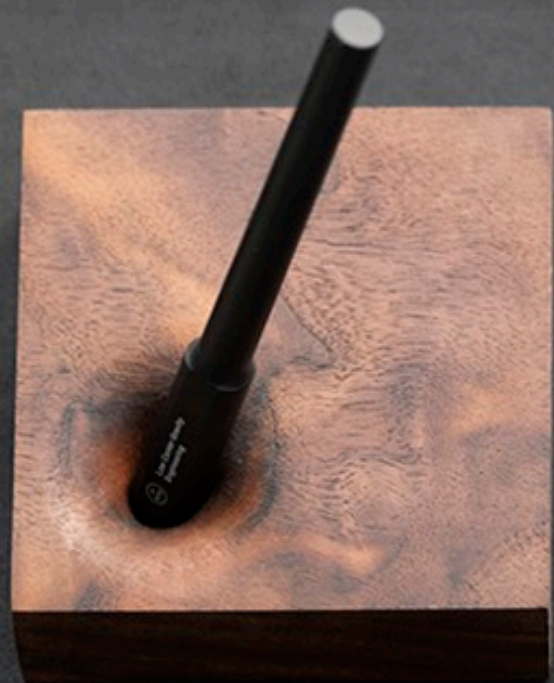

Pencil

Weighted and balanced with a complete metal construction, the HMM Pencil is ideal for both writing and sketching.

Magnetic Pen

Weighs only 18.8g as a nice EDC tool. The tip of the pen features a powerful magnetic structure that instantaneously pulls and holds the cap in place.

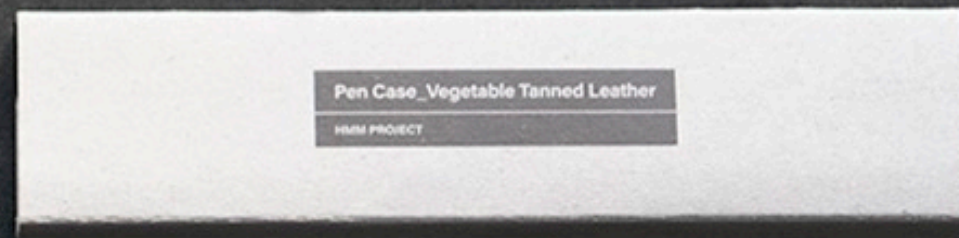

Plummet Ballpoint

Made of aluminum alloy, the pen is less than 20g in weight. The pen features twist mechanism with smooth and sturdy damping structure.

Walnut Block

The solid walnut wood with a curvy, refined hole acts as a pen holder. Feels like your brilliant inspiration has dripped through a rock, creating a Zen-like desktop landscape.

Pen Case

The exclusive black vegetable tanned leather case allows you to carry any pens everywhere you go.

Ballpoint

Made of aluminum and weighs only 22g. Heavy-duty spring is used for the click structure to give a sturdy hand feel.

Paperweight

Also the pen holder. It is fully made of aluminum alloy for a firm grip.

Magnet Cable Cube

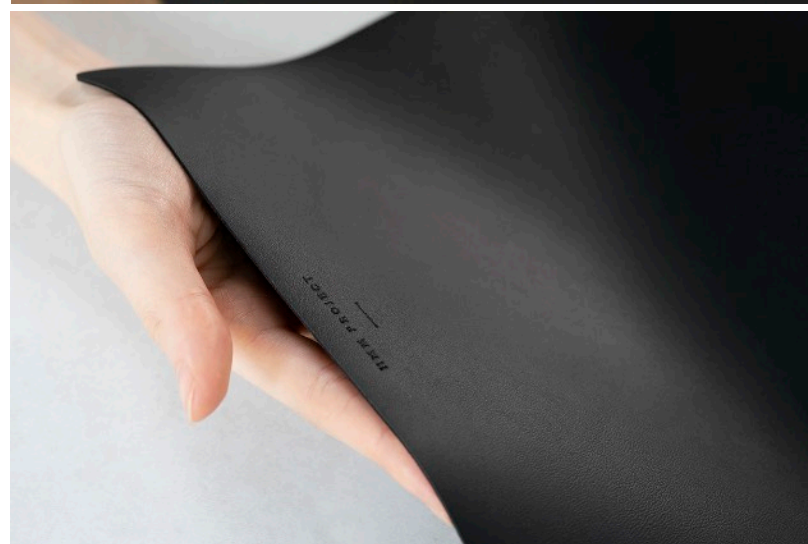

The Cube effectively restore order to charging cables and headset cords. Strong magnets are embedded in and each half part adhere closely to metal surfaces.

Eraser Ball

Inspired by dandelion puff ball. The gaps can be used as card holder. Each individual part can be used as a pen holder. This is eco-friendly with no plasticizer or PVC.

Working Mat | Mouse Pad

Thin and light and fits perfectly. Thinner than a coin at 1.4mm. Vegan leather protects skin, and is washable and stain-resistant. Mouse Pad is easy to carry around.

Gift Packs

Perfect gifts with particular aesthetics of writing.

Team

Perfectionists, obsessives, and coffee aficionados that have been working in advertising design and marketing services industry. It is an eclectic group that appreciates the human-object interactions and challenges the limits of making tangible products. Our office is located in the heart of Taipei City, a city that is lively, evolving, and full of inspiration.
